Beauty meets Science

10 years dedicated to education
in cosmetology

27-28 May 2010
Warsaw

Call for Papers

Beauty meets Science is the second international cosmetic conference organized by Academy of Cosmetics and Health Care

The subject of the Conference covers the topics related to cosmetology, commodity science and cosmetic chemistry.

In particular, the subject of the conference will include: hot topics of contemporary cosmetology, cosmetic actives, as well as methods of cosmetic efficacy testing and quality management of cosmetic products.

Briefing

Full Title: **Beauty meets science**

10 years dedicated to education in cosmetology

Dates: 27-28 May 2010

Call for Papers

The main purpose of the Conference is the promotion of knowledge and the support of scientific research in the field of cosmetology and related sciences.

Papers and posters are invited for the following topics and key areas of interest to all cosmetic chemists, commodity scientists and cosmetologists.

- **Cosmetic actives**
- **Efficacy testing and evaluation of cosmetics**
- **Hot topics of contemporary cosmetology**
- **Legal aspects of cosmetic production**
- **Physicochemical forms and production technology**
- **Intellectual property protection**
- **Problematic skin care**

Papers should be the original works based on individual experiments or reviews dealing with the newest achievements in the cosmetic area. Posters should be the presentation of the innovative research.

Conditions for Submitting Papers

- The official languages of the conference are English and Polish. Posters and all oral and written presentation of papers including presentation material must be in Polish or English.
- The abstract should consist of a 250-word summary of the contents of the paper (poster) and the points to be made.
- Applications papers and posters should be sent till 30th January 2010
- Papers will be selected after submission of an abstract. Important criteria for selection are the quality and originality of the content as well as relevance to the theme of the conference.
- Authors will be notified about selection during February 2010. Speakers will receive complimentary registration for the conference.
- The technical details referring the preparation of full texts of oral performances and poster presentations will be given to the authors after accepting the presented works. The full texts of the presentations should be sent till 30th March, 2010.

To submit a conference paper or poster please mail, fax or email the submission form to the Conference Office together with a copy of your abstract.
